

Enhance Your ERP Sales with JobPack.

As powerful as they are, ERP systems can't do everything. Be the hero for your clients with an integration that speaks directly to their needs—and exceeds their expectations.

For clients in the manufacturing space, ERPs can fall short on production scheduling and shop floor management. JobPack bridges the gap. Our software integrates smoothly with any ERP, starts delivering benefits in just weeks, and will surprise your client with the things it's capable of.

When your client asks about production scheduling or MES functionality, be ready with a great answer. JobPack is a win for your clients and for your role as a trusted advisor—and as part of JobPack's ERP Reseller program, it's also a win for your bottom line.

JobPack is the premier tool in your toolkit for:

- Detailed production planning
- Real-time machine monitoring
- What-if scenario modeling
- Data-driven process insights
- Paperless operations

ERP resellers connect us with our best customers. The Reseller Program is our way of saying thanks.

Our resellers are industry experts who deliver value for their clients and for us at JobPack. Join JobPack's ERP Reseller Program to share in that value.

Tier 1 resellers can receive 5% of the value of a completed JobPack software sale just by connecting us with a client.

For Tier 2 benefits, we ask resellers to be a little more involved: be available for software demonstrations, follow up with their clients afterward, deliver our quote, and transmit documentation and billing back to us. In return, we're offering 25% of the initial software seat sale, with 20% of the service contracts for the first two years.

Tier 1	<ul style="list-style-type: none"> ▪ Client name ▪ Client point of contact 	<ul style="list-style-type: none"> ▪ 5% of software sale (if closed)
Tier 2	<ul style="list-style-type: none"> ▪ Client name ▪ Client point of contact ▪ Availability for demonstrations ▪ Post demonstration followup ▪ Provide quote ▪ Supply JobPack with documentation and billing* 	<ul style="list-style-type: none"> ▪ 5% of software sale (if closed) ▪ 25% of initial software seat sale ▪ 20% of service contract for Year 1 and Year 2

In short, when you succeed, we succeed—and when we succeed, you succeed.
